GRAIN—WHEAT—Nearly all of the sharp advance secured by bull traders early in the day was lost in the operations of the fall hour under heavy realising by the Southwest and others, which has been an important feature on every advance this week. The result was that final prices while with she her an important feature on every advance this week. The result was that final prices while with higher than the previous night were Ic below top point of the day and the undertone of the market rather weak. Adverse Russlan crop news formed the basis for early strength in the market, as it bore the stamp of reliability and was the most definite of any damage news yet received from South Russla, It confirmed all previous claims of drouth and intimated that unless conditions change very quickly the Government would be chilged to furniah aid to the peasants. Its most important effect was on Liverpool cables, which came important effect was on Liverpool cables, which came highly and produce nearly 30,600,600 bush of wheat this growing wheat had declined dur
